INFERNAL MACHINE.

POLICE INSPECTOR IS TRYING TO UNRAVEL THE MYSTERY.

NEW YORK, May 15.—Police Inspector McCuskey returned today from Chicago, where he had been investigating

the mystery of the infernal machine left on the Currier pier. He said his trip had established the fact that only one man was concerned in the whole affair, and that he was not, in the inspector's opinion, the member of any secret society or band. The inspector said he was a long way from solving the mystery, but hoped that something tangible would soon be discovered.

NEW YORK, May 15.—Dispatches from Oruro announce the discovery of valuable tin mines at a place called Tres Cruces.

"Men and Women of Oakland—I believe in you—I believe in your citizenship; I rely upon your judgment."

So spoke the Nation's Chief—and so say we—we rely upon your judgment and patronage—may, more than that

FORTUNE FOR A COAL PASSER.

OAKLAND MAN WILL GET MONEY FROM AUNT'S ESTATE.

WASHINGTON, May 15.—Paul Bremmink, a coal passer, who has served in the Navy for three years, has just fallen heir to a fortune of \$28,000. The money was left to Bremmink by a grand-aunt, Mrs. Alice Kiew, who died in San Francisco a few days ago. Co-incidental with this streak of good luck, Bremmink's time expires tomorrow, and he says he will quit the Navy for good.

Bremmink's home is in Oakland. He said that he had forgotten all about the existence of his aged relative and felt that he would be compelled to quit again until a letter from an attorney, which he received Tuesday, announced his right to the cash and real estate which Mrs. Kiew left.

Three years ago, Bremmink says, he left his home town because of a quarrel with a young woman he was engaged to wed. A year following his enlistment the misunderstanding was rectified and the friendship renewed. Today he said he would go home and, if possible, arrange for a speedy wedding.

WORKERS THREATENED

SERIOUS PHASE OF THE LABOR STRIKE IN NEW YORK EXCAVATION.

NEW YORK, May 15.—Members of the excavators and rockmen's unions held a joint meeting today and discussed their difficulties with the contractors, especially those concerned in the subway work. The strikers decided to maintain their position and keep away from work.

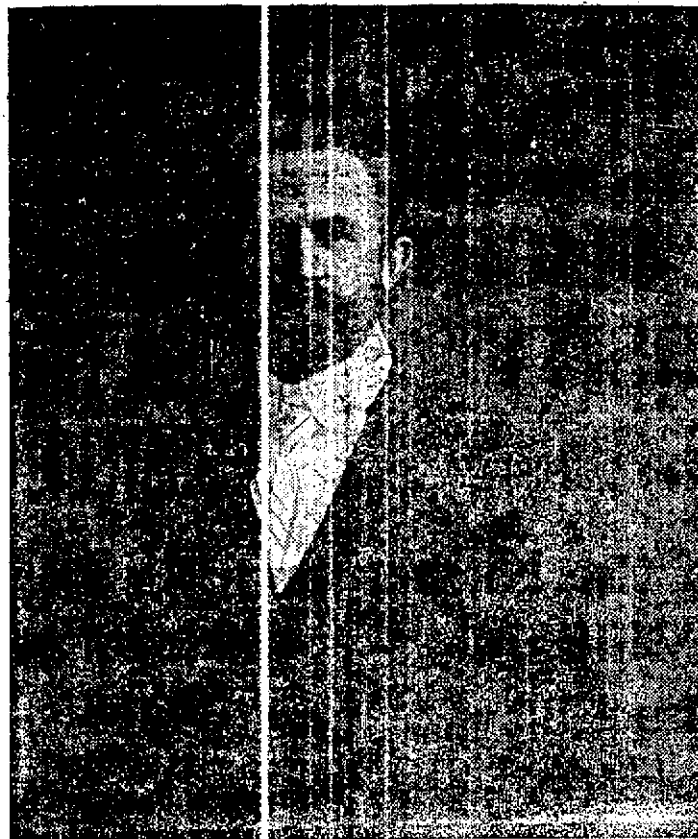

When the Italian subway strikers threatened a workman in the Bronx today he brandished a revolver. A policeman arrested him, while the strikers escaped. The workman was subsequently released by the magistrates before whom he was arraigned.

Two hundred Italian striking workers warned seventy-five workmen in the Bronx to quit work on pain of death. Four strikers were arrested.

MONEY FOR PEACE.

MADRID, May 15.—A dispatch from Melilla, Morocco, says the Sultan's emissaries who are charged with a pacificatory mission to the rebels, have arrived there with \$16,500. The rebel chiefs, it is added, have chosen a new leader named Habel Kader. He is a Moor of good family.

HE KNOWS ALL THE BUSINESS OF GOLDEN GATE.

B. K. TRUELSEN.

B. K. Truelsen is one of the leading citizens of Golden Gate and conducts a large grocery store on the corner of Fifty-ninth street and San Pablo avenue, enjoying the patronage of all Golden Gate. He is a leader with Woodmen and Odd Fellows and has resided here for the past nine years.

CAPTAIN NORTON GREAT CRUELTY OF AN OMAHA JUDGE.

PROMINENT KENTUCKIAN DIES AT SAN DIEGO.

SAN DIEGO, May 15.—Captain W. F. Norton, Jr., of Louisville, Ky., died at Coronado beach early this morning. During his lifetime he was prominently identified with many business interests in the Southern States, being especially interested in Louisville as a banker and capitalist, and as the owner of one of the large theatres in that city.

He came to San Diego about six months ago as an invalid and it was expected that he would recover his health. One of the handsomest cottages on the beach, now in the process of construction, was designed by him as his home.

He has been noted for deeds of charity, his desire to give assistance to worthy working people and to young married couples being almost a fact with him. He has been generous in this way and in his church associations, both in the South and the West and in his will he has made provision for a Coronado Church.

Captain Norton was never married and was about 38 years of age. Relatives from Louisville and Los Angeles were with him at the time of his death. He leaves an estate of several millions.

The remains will be taken to Los Angeles for cremation and the ashes will be conveyed to Louisville by Dr. J. A. Sweeney, who has been constantly in attendance.

LONG ELECTRIC LINE.

HUNTINGTON ROAD TO SANTA ANA PART OF SYSTEM OF 100 MILES.

SANTA ANA, May 15.—A party of surveyors of the Pacific Electric Company reached this place today in a survey of a direct Los Angeles-Santa Ana line, work upon which, it is announced, is to commence at once. The line is surveyed from Los Angeles to Santa Ana, Artesia, Los Alamitos and through Garden Grove to Santa Ana city limits, entering from the west. The route taken is as direct as possible, one run being for 15 miles without curve. This line will ultimately connect with the Santa Ana and Newport Beach road and thence along the coast to Huntington Beach, Pacific City and Long Beach, completing a 100-mile triangle of electric road from Los Angeles to Long Beach, to Santa Ana and returning to Los Angeles.

SANTA ANA, May 15.—A small blaze at 2 o'clock this morning wiped out the barn of Rev. C. Gruen, pastor of the German Evangelical Church, destroying a number of bicycles, carriages and harness and stored hay. Loss \$500.

LEBAUDY AIRSHIP.

MAKES OVER SEVEN MILES IN TWENTY-FIVE MINUTES.

PARIS, May 15.—The Lebaudy airship made another ascension today, circling Nantes, Rosny and Moisson. In a series of evolutions over the Chateau de Rosny, the ship answered her ruler readily. She covered slightly more than seven and a half miles in twenty-five minutes. Part of the cruise was against a brisk wind. A slight accident to the vent did not interrupt the success of the trip.

SUICIDE IN ST. LOUIS.

ST. LOUIS, Mo., May 15.—A man believed to be A. C. Watson, Jr., of St. Joseph, La., committed suicide by shooting himself in a lodging-house. He was well dressed and his clothing bore the trade-marks of New Orleans establishments. No cause is assigned.

ISSUES AN ORDER RESTRAINING WOMAN FROM TALKING TO NEIGHBORS.

CHICAGO, May 15.—A dispatch to the Tribune from Omaha, Neb., says:

Judge Baxter of the District Court has issued a restraining order enjoining a woman from talking.

"The complainant was L. Oliphant Dodge, the owner of an apartment house, and the defendant was Mrs. E. Hodge, a tenant, who refuses to vacate until her lease expires. The allegations are that the defendant has on numerous occasions, by talking to the other occupants, caused some of them to announce their intention of leaving the apartments, and that she has interfered with the property in different ways, all to the injury of the plaintiff.

"The defendant is forbidden to enter the apartments of the other occupants, and from talking to any of the tenants about the plaintiff in any manner."

GOLD DRAWN FROM TREASURY.

NEW YORK, May 15.—A total of \$1,250,000 gold coin has been withdrawn from the sub-treasury for shipment to South America tomorrow. This represents two distinct transactions. The major portion of the gold is to pay for merchandise, chiefly hides and wool.

RELIANCE BOUND WESTWARD.

NEW YORK, May 15.—The yacht Reliance left here today in tow of her tender, Sunbeam, bound westward. It is expected that she will put in New London this afternoon and leave for City Island in the morning.

An Interesting Letter

May 8, 1903.

THE COMPRESSED AIR CLEANING COMPANY, 462 Thirteenth Street.

Gentlemen:—Enclosed please find check in payment of your bill for cleaning the Crellin Hotel. I take pleasure in saying that the work you did was amazing. During the time you were at work every room was in commission for guests, yet the work went on without the least discomfort. The carpets are thoroughly renovated and have suffered no injury whatever from the process. I took up our Brussels carpets after the renovator had run over them and found no dust whatever. Your process had taken through the carpets, by the air pressure, the dirt off the floors.

As soon as satisfactory negotiations are concluded we shall install one of your complete equipments in the hotel, for we regard your process for convenience, efficiency and economy as superseding all other methods of cleaning.

Very truly yours, FRED. A. JORDAN.

STORY OF BRUTALITY

Jewish Girls Were As- saulted By the Russians.

TOLEDO, Ohio, May 15.—Toledo Ghetto rejoiced today upon hearing that Mrs. Clara E. Annenburg and her ten relatives, all in Kishineff and formerly of Toledo, escaped death during the Jewish massacre in Bessarabia. In a letter received today and mailed on April 18th, Mrs. Annenburg describes the horrors of these massacres.

"Our escape was due to the fact that we were in the house of a Russian gentle man when the murders were being committed. Corpses lay unburied throughout the streets.

"Jewish girls were assaulted by Russians who looted the city.

"One little girl was assaulted by fif-

"In companies of 200 the Russians marched the streets, destroying houses and killing all Jewish men, women and children they could find.
"Saloons and wine cellars were raided and gutters flowed with liquor.
"Wealthy men were beguared in an instant. Vineyards and farms were laid waste. The entire financial loss was over \$5,000,000."

PARIS, May 18.—Madame Emma Calvé, the famous French singer, who was killed in "The Damnation of Faust" last night, owing to having accidentally taken an overdose of alcohol, has a remedy for the grip, has entirely recovered, but her doctors recommend a rest for a few days.

Pugilistic Game Finds Many Flowers on the Coast. **SPORTS** Oakland Team Wins Second Game From Portland Nine.

CORBETT DOING GOOD WORK. THE NORTH, ON MONDAY.

GOES FIVE ROUNDS AND DOES NOT SHOW ANY FATIGUE. TAKES THE SECOND GAME BY A SCORE OF FOUR TO TWO. NON-ARRIVAL OF JEFFRIES CAUSES DELAY IN SIGNING.

James J. Corbett put in a strenuous two hours at the Olympic Club gymnasium yesterday and concluded his exercise by taking on Andy Gallagher and Yank Kenny for fifteen minutes, the men alternating in three-minute rounds. Corbett was in and out of a mix-up with the lightning rapidity of old and never hesitated to hand a hard one. All five rounds were fast ones, and Corbett emerged from them without the slightest sign of fatigue. Corbett has been spoken of as a clever boxer without a punch, but Andy Gallagher thinks differently to-day and is ready to take an oath that the ex-champion has a very wicked punch. His right eye is in mourning since a souvenir of his go with Corbett. Corbett is watched daily in his work by numerous admirers, and they enjoyed the boxing yesterday. It was the first time that Corbett has let himself out since his return.

GANS EN ROUTE. WILL CONTINUE TRAINING AT SAN FRANCISCO—FITZ IN GOOD SHAPE.

Joe Gans, the champion light-weight pugilist of the world, has left Portland on a speeding train for San Francisco, where he will train for his coming fight with Willie Fitzgerald. Al Herford, his manager, has gone to Seattle with another of a string of fighters, Young Foster Jackson, who will fight Tommy Reilly on the evening of May 21. At the conclusion of that match both Herford and Jackson will join Gans in San Francisco. Willie Fitzgerald continues in the fine condition that he was in when he met Britt by light training daily to keep the muscles and wind in good condition. On account of the injury to his hand in the fight with Britt, Fitzgerald has cut out boxing for the present and will only take it up about a week before the fight. By that time his hand will be strong again. Joe Gans is already in condition from his fight with Tracy and all he will have to do is to keep in good shape and take off three pounds of his weight. He weighed in at 134 pounds at Portland on Wednesday and must make 135 in San Francisco, which he can easily do.

ELECTRO-MAGNETINE
AN ELECTRO-MAGNETIZED AND AMMONIO-CAMPHORATED
CREAM LINIMENT
A MARVEL OF REMEDIAL EFFICACY AND
A BOON TO BOTH MAN AND BEAST.
THE OUTCOME OF TWENTIETH CENTURY ADVANCES IN
ELECTRO-CHEMICAL SCIENCE.

POSSSESSED OF MARVELOUS PROPERTIES.

ELECTRO-MAGNETINE is believed to be the only preparation yet devised for curative purposes, endowed with such peculiar properties that when applied to any part of the body, accompanied with brisk rubbing with the naked hands it causes an active and energetic electro-magnetic action to be set up in the parts to which it is applied.

The wonderful potency of this peculiar form of electro-magnetic force, individual, or animal, magnetism, or whatever it may properly be termed, in curing certain forms of human maladies has been demonstrated beyond the possibility of doubt.

ELECTRO-MAGNETINE is actually charged with electro-magnetic properties infused into it in the process of manufacture, or whether it serves merely as a medium through which electro-magnetic forces are transmitted or applied to the parts operated upon, we are not yet quite prepared to say, but of one thing we are certain, viz. That the combined use of ELECTRO-MAGNETINE with active rubbing is much more efficient in a curative way than either of these agencies employed separately.

The free application of the ELECTRO-MAGNETINE to Swollen Joints, accompanied with energetic rubbing with the bare hands sets up in the affected parts such an active electro-magnetic action as to greatly promote the circulation of the blood through the swollen parts and thereby hasten absorption and consequent reduction of swelling, stiffness, soreness and pain.

IMPORTANCE OF THOROUGH RUBBING.
Too much stress cannot be laid upon the importance of thorough and vigorous rubbing of the affected parts after a free application of the ELECTRO-MAGNETINE. In fact, the brisk rubbing should be kept up until the surface to which the ELECTRO-MAGNETINE has been applied has become quite dry and wholly free from the lubricated feel and glossy look due to the application of the Cream Liniment. In all Chronic, or long standing, Swollen, or Enlarged Joints, the thorough course of treatment above directed should be applied two or three times a day.

WEAK BACKS MADE STRONG.
By a somewhat protracted use of ELECTRO-MAGNETINE, accompanied with thorough rubbing, or massage, weak backs are made strong. Sore Muscles and Lame Backs, whether arising from strains, over-exertion or Rheumatic Conditions of the system, are relieved, as if by magic, by the thorough application of this remedy. Foot-ball and base-ball players are amongst those loudest in their praises of it as giving most prompt relief from Muscle pains, Lameness and Soreness caused by over-exertion and strains.

Especially is ELECTRO-MAGNETINE proven its power to cure Obsolete Cases of Swollen or Enlarged and Stiffened Joints, whether arising from Rheumatic, Gouty or other conditions of the system, which cause inflammation, effusion and consequent enlargement of the joints.

IN ALL CHRONIC OR LINGERING AFFECTIONS.
For the cure of which ELECTRO-MAGNETINE is recommended, it should be thoroughly applied two or three times daily, as above directed—not omitting thorough rubbing with the bare hands.

OWNERS OF LIVE STOCK
Should know that ELECTRO-MAGNETINE is quite as effective in a curative way when applied to horses and cattle suffering from Sprains, Bruises, Lameness, Swollen or Stiffened Joints and kindred affections, as when applied to human flesh.

Sold by druggists and dealers in medicines, throughout the United States and Canada, at 50 cents, or sent post-paid by the manufacturers on receipt of this price in postage stamps or postal order.

WILL TAKE A SAIL
YACHTSMEN PREPARING FOR THE DINNER RACE ON SUNDAY.

An order, known as "General Order No. 2," has been issued to the members of the California Yacht Club by Commodore George Shaw, and it contains the regulations which will govern the fourth annual "dinner race," which will be sailed by the club on Sunday, May 17th.

This is one of the big events in the annals of the club, and all of the members who have any kind of a boat are expected to raise the club burgee for the event. The start will be a gun start, and the preparatory gun will be fired at 12:50 P. M., and the starting gun will boom at 1 o'clock sharp.

The conditions of the race are that six members of the club will be selected by ballot at the annual of the club, to which all of the club members are invited.

The regatta committee consists of Roscoe L. Eames, Charles W. Miller and August R. F. Brandes, chairman.

HERRERA IS ANXIOUS.
THE MEXICAN WANTS TO WIPE OUT DEFEAT BY DE COURSEY.

The news comes from Butte, Montana, that DeCoursey and Herrera will meet in that city either the last of this month or some time in June. Bishop is very anxious to have Herrera meet and defeat DeCoursey and thereby recover some of the prestige which he has lost since he has defeated DeCoursey. Bishop firmly believes that the Mexican can do the trick.

There has been considerable talk to the effect that a match between Herrera and "Kid" Broad was being negotiated, but the Mexican has stated that he would prefer to meet DeCoursey before making a match with Broad. Bishop says that he has defeated DeCoursey he will take on any of the top-notchers, even Young Corbett.

By Lavigne, manager for DeCoursey, is confident that his man can repeat the trick of knocking Herrera out and is anxious to bring the two men together again. If the match is completed the fight will take place at Butte.

TO BE EXAMINED FOR INSANITY.
HUSBAND MAKES CHARGE AGAINST WIFE WHO ATTEMPTED SUICIDE THREE TIMES.

Mary F. Sullivan, aged 27 years, who has attempted suicide three times during the last two years, has threatened to murder her children and has been examined once for insanity, will be taken before the Lunacy Commissioners again to-day on complaint of her husband, William Sullivan. The latter alleges that his wife has lost her mental balance through excessive drink.

Mrs. Sullivan is the mother of four little children. On April 26th last she threatened to poison her children, while in a fit of despondency, and then swallowed the contents of a phial of carbolic acid.

The unfortunate young woman's escape from death was close. At one time the physicians at the Receiving Hospital considered the case hopeless, as the patient failed to show signs of regaining consciousness after being worked on for several hours. She rallied, however, and was then taken down with a severe attack of pneumonia. She has now just recovered from the pneumonia, but is still at the Receiving Hospital.

Sullivan is a plumber. He is now employed at Point Richmond. He had his wife examined for insanity in July, 1902, but she was discharged. Her case was diagnosed as chronic alcoholism.

MISS RUTH WARREN DIES OF FEVER.
WEST BERKELEY, May 15.—Miss Ruth Warren, the 17-year-old daughter of Mr. and Mrs. C. T. Warren, passed quietly away at 6:30 o'clock last evening at the home of her parents, 2008 Eighth street.

Both Miss Warren and her brother, Edward, were taken ill with a fever and with typhoid fever and for the last few days it was thought to be only a light form, but the young girl's condition rapidly worsened and culminated in her death last evening. Edward Warren is convalescent.

YOUNG MEN BEAT MILNE.
SONS OF PROMINENT MEN OF NATION TO BE TRIED FOR ASSAULT.

SOUTH NORWALK, Conn., May 15.—Hugh S. Knox, son of United States Attorney-General Knox, Walbridge Taft, a nephew of Judge Taft, Governor of the Philippines John E. Barney of Cincinnati, and Lawrence White of Lowell, Mass., students at a private school, have been arrested charged with committing an assault on John D. Milne.

The cases will be tried today. Mr. Milne is said to have resented an alleged insulting remark by one of the above, and to have been severely beaten as a result.

CHEATED GALLOWS.
WIFE-MURDERER TAKES A DOSE OF POISON AND PASSES AWAY.

LEXINGTON, Ky., May 15.—William McCarty, wife-murderer, who was to be hanged at 8 o'clock this morning, took morphine some time during the night and died from the effects at 8:15. The death watch, Alexander McKeever, sat within three feet of McCarty all night, but says he is absolutely at a loss to know how or when he took the drug.

SHOOK HAND OF PRESIDENT.
PRINCIPAL FRICK HAS DONE GOOD WORK IN THE PATRIOTIC LINE.

Three lads in the Cole School, Willie Merrill, Edgar McHugh and Edward Van Vlack, were the happiest boys in town yesterday and were the heroes of their class.

By persistent cheering they attracted the attention of the President, and when the police tried to restrain them from approaching his carriage, he insisted upon their being allowed to do so and shook hands warmly with each of them.

THE COMMISSION COMBINE.

Is it possible that there is no way to break up the organized blackmail practiced on the producers and consumers by a handful of fruit and vegetable commission men in San Francisco? These men have the retailers in San Francisco by the throat with one hand while they are picking the pockets of the producers with the other. In consequence the growers can hardly get enough for their products to pay for picking, packing and shipping while the consumers have to pay exorbitant prices at retail.

In defiance of law, decency and common honesty, the commission men have banded themselves together to compel all fruit and vegetables consumed in San Francisco to be sold through them. Doing business practically without invested capital and by favor of their consignors, they have boycotted the retailers who dare to make purchases from persons other than members of the ring. False returns are made to consignors to swell the profits of the gang. Thus robbery is added to the evils of a middleman's monopoly.

Making false returns is called business by those who practice it, but in law and morals it is plain stealing. It is given the color of excuse by what is called "averaging," except in particular cases where this trick of the trade is not a safe one to play. As a rule the peddlers and retail shopmen buy their supplies for the day early in the morning. Then the prices are high, but after the rush is over and the most saleable stuff disposed of the quotations are shaded off and made the basis of returns.

To illustrate: A grower sends 100 boxes of cherries say, to a commission man. He sells 40 boxes at the pick at \$2 a box, 40 boxes at \$1.80 and the remaining 20 late in the day at \$1.20. He then adds the three quotations together and strikes an average at \$1.66 a box, whereas the fruit actually sold for \$1.76 a box.

Not infrequently the return for the whole consignment is made on the basis of the lowest price received for any part of it. Not all the commission men are guilty of such nefarious practices, but some of them are. It is also a well known fact that the published quotations do not correspond to the actual selling prices or the returns made to producers. They are skilfully concocted to deceive both the producers and the retail dealers.

The commission men are fighting the establishment of a free market in San Francisco, and have issued a blacklist of retailers who have dared to make purchases elsewhere. They cheerfully admit doing this and with equal cheerfulness admit that it is against the law but in the language of Boss Tweed they derisively ask, "What are you going to do about it?" Tweed found something doing, and the commission men may discover that their position is not so strong as they think. There are several ways of smoking out a rat when he is once located.

Says the Atchison Globe: "We keep an army of 65,000 men and have 254 ships of war. We are ready to fight any nation on earth and yet the little potato bugs laugh us to scorn." We might snort our breasts and bid the potato bug defiance—dare him to do his worst; might proclaim our ability to fight him any way he chooses and to meet him anywhere—with gloves, guns, bare hands, brass knuckles or soda bottles. But softly, this may not be necessary. The potato bug has not laughed at the United States, has not grinned in derision of the glorious stars and stripes. The potato bug does not laugh at all. The Atchison Globe man is talking through his hat. He is probably inspired by bug juice.

The Richmond Leader makes up its editorial page with clippings from the Oakland papers or remarks about the streets and incidents in Oakland. Apparently there is not much doing in Richmond.

The labor papers in the East that are calling James H. Barry of the San Francisco Star a "blackmailer" and an "enemy of labor" ought to be ashamed of themselves. They either know nothing of what they are talking about or are maliciously publishing gross falsehoods. Mr. Barry has his faults, but they are those of temperance rather than of morals. He is pugnacious, honest, so censoriously honest, indeed, that he often fails to do justice to the motives and acts of others; but his hands are clean, his heart warm and his sentiments kindly and generous. So far from being an enemy of labor, he has been its most vigorous, constant and fearless champion on the Pacific Coast for the last twenty years. He is a radical who is consistent in his radicalism. His chief shortcoming is his inability to distinguish between his motive and his cause. This leads him to do injustice to others and to form conclusions based upon imperfect information and without due investigation; nevertheless, he wants to be right, and always stands up for what he thinks is right.

CONCERNING THE LABOR QUESTION.

In the May number of the Engineering Magazine Frederic Hay has an article on "Labor's Complaint Against Capital" from the standpoint of a trades unionist. What he says deserves attention, for it is said well and temperately, and touches certain points that demand study in relation to the problem of securing amity and cordial co-operation between the two great agencies of industrialism.

"One reason for the difference of the workman to the interests of his employer is the drifting apart that has for years been going on," says Mr. Hay. "In former times (not so many years ago) the employer was interested in his men. He had been one of the craft himself. His face was seen in the workshop or factory. He knew the men by their first names. He knew something of their condition and their needs. The men could address him personally if they would."

"All that is changed now. These are days of large combinations of capital. The capitalist does not require a practical knowledge of the business. He is not in sympathy with the 'hands,' with whom he holds no communication, should he ever see them, and so the superintendent takes the place which the employer formerly held."

"As the object of business is to obtain the largest return on the capital invested, the duty of the superintendent is primarily to produce that return to his employer by restricting the working expenses to the lowest point. On all questions that may arise he is practically the court of appeal. The employer does not desire to be troubled with the affairs of the shop."

"The foreman comes between the workman and the 'super,' as he is known in the shop, and controls the working department. He should be a first-class workman, knowing to a hair what it is possible for the men to do—a man of firm but equitable temper, just to employer and men alike, easy of approach—and should strive to preserve order and content. The average foreman does not in my experience represent these conditions. He requires an homage paid to him akin to that of a sovereign; he resents appeals from his decisions, just or unjust; and if a man displeases him, no matter how good a workman, he may expect discharge."

Beyond doubt there is much justice in this statement, but the unions adopt general rules to meet exceptional cases and in so doing often punish their friends worse than their enemies. One of the chief obstacles to the success of their organizations is that there is no elasticity to their system, no permanence to the rules they establish. They make their own conditions and make them as often as they choose, and present them as ultimatums. The employer must either accept them or go under the union ban. Mr. Hay continues:

"One open cause of discontent on the part of labor is the undisguised hostility on the part of capital. The employer objects to deal with labor's only representative—the union. But objectionable as many features of the union are (and the ranks of labor are aware of them) it is their only protection; through its means have been obtained advances of wages and reduction of hours of labor; it is their bundle of sticks, and for their mutual interests forbearance should be shown by each. After a bitter contention sometimes a slight advance in wages may smooth over the surface for awhile; but the discontent remains."

But the club made of the bundle of sticks should be wielded with intelligence and discretion, with a sense of fairness and justice, and an eye to conditions which bind the employer as a view and from which he cannot escape. That organization on the part of workmen is proper and even necessary to protect their rights and interests cannot be successfully denied, but this by no means implies that everything done in the name of organized labor is either wise or just. Organized labor makes sad mistakes which injure itself and injure others—injure the public. Short-sighted and greedy capitalists do the same thing, but one wrong does not right another. The chief fault with the labor unions is their unwillingness to acknowledge or correct a mistake. They can hardly ever be brought to concede that any employer was ever justified in resisting their demands to the extent of fighting it out. It is this lack of statesmanship that affords the enemies of organized labor their strongest arguments. Mr. Hay admits this in a rather tentative way, for he remarks that workmen, as a rule, do not take a broad view of things.

An editorial in the Magazine criticizes Mr. Hay's views, from the standpoint of the employer, from which we quote:

"It is, according to Mr. Hay, for this and similar purposes that the workmen persist in their efforts for the recognition of their unions and organizations. Now what do we observe in actual existence? Is it the workmen who are demanding premium systems, profit-sharing plans, or bonus systems? On the contrary, all such schemes have been devised by the em-

ployers for the purpose of interesting the men in their work and in the attainment of a maximum output, and all of them have been bitterly opposed by the men as tending to differentiate between the able and the poorer workmen. The workmen—or the unions, as representing the workmen—must be intelligent and fair enough to recognize that any scheme of profit-sharing must, in simple justice and in plain common-sense, apportion the profits distributed in accordance with the degree to which each employee contributed in enabling profits to be made. The careless, time-serving workman is never a profit-maker. The aim of the premium and bonus systems is to select automatically and to reward proportionately the workmen who do make the profits.

"It was not the thousands of employees of the United States Steel Corporation who urged that they might be given opportunity of becoming shareholders in the company; on the contrary, the plan for enabling the men to participate in the profits of their work was arranged entirely by the administration, and accepted by the men as individuals, after a most sullen reception by the labor organizations."

"Again, it is well understood by the modern successful corporations that reductions in the cost of the finished product are made, not by reductions in the wages of the employees, but by the increase in the output, and that foreman who is most approved by the administration is not the one who hires the cheapest men, but who knows where to get hold of high-priced men of still higher productive ability."

When President Roosevelt reaches Yosemite Valley, he will at last find something in California bigger and grander than President Benjamin Ide Wheeler.

The Express disposes of the harvest reaped by 'pickpockets' during the President's stay in Los Angeles by philosophically remarking that it shows the Angelenos have something to lose. But who got their pockets picked—the residents or the visitors? Kicking losers all appear to be outsiders. We draw no inferences.

A contemporary, which seems to think war is a sort of cheap picnic, says Uncle Sam cannot afford to lose his share of the trade of Manchuria. This is pure humbug. Uncle Sam's trade with Manchuria doesn't amount to very much. The entire foreign trade of all China amounts to about \$311,000,000—about 78 cents a head—and this we have to divide with many nations. John Bull's share is bigger than Uncle Sam's by a long way. The bulk of our trade is with the tea and silk ports from Shanghai south. All the foreign trade of Manchuria would not make a great difference to this country, and the loss of the small part of it we now have would never be noticed only by a few individuals engaged in it.

CONCERNING MISDIRECTED CRITICISM.

It is silly to find fault with the City Attorney for giving his honest opinion of the law. That is precisely what he was elected to do. He does not make the law nor pass upon its wisdom. His function is to advise the Council and other city officials as to the purport and meaning of the law.

It is possible that Mr. McElroy is wrong in his interpretation of the law regarding the powers of the Council to enter into a contract for the removal of dead animals, but he would have been derelict to himself and to his oath of office had he given an opinion contrary to his honest judgment. Nobody doubts that he followed his convictions in the opinion he gave the Council.

If he is wrong there ought to be a way of demonstrating the fact. That nobody has yet been able to do. If he is right, he should be praised instead of being criticised for advising the Council against entering into an illegal contract. No light is thrown on the subject by asserting that the law should be so and so whether it is or not. The law is not a matter of public or private convenience. It is what it is, and if it is imperfect, the thing to do is to have the Legislature change it. Mr. McElroy has no authority to amend the statutes to please anybody.

It is unfortunate if the city has no power to contract with any person to remove and incinerate dead animals. But if the law does not confer upon it such power the City Attorney cannot. If he be mistaken, let the fact be ascertained, and then the Council can act with knowledge of its authority. If he be right, there are other ways of providing for the removal of carcasses from the city limits and their proper disposal. We have got along a good many years without a contract of this character, and we surely can muddle through for another two years till the Legislature meets again. At any rate, it is well before we begin blaming the City Attorney to inquire whether any other city in California has made such a contract as the one he declares illegal. Let it be ascertained what the practice is in dealing with dead animals in other cities and how it works.

It ought to be apparent that nothing can be accomplished by criticizing the City Attorney and making faces at the law.

The Thousands who saw the President

must have been strenuously impressed with at least one fact: warm weather has arrived in earnest. It is the time for the Shirt Waist, the Summer Skirt, the Fancy Neckwear, the Corset of free ventilation, the Mesh Glove, the Lace Hosiery, the easy Shirt Waist Suit, the brilliant Ribbons, and the snow-white Muslin Underwear.

And for evening and other occasions when they seem to be demanded there are the more sedate and somewhat heavier tailor-made garments. We've talked about some of these lines this week so we'll have a few words just now about the others.

Those Cool Shirt Waists

of which we have so many styles, offer so much comfort and smartness for the money we ask that the increasing activity in this department is no surprise.

The fancy White Waists are holding their own in the race with the beautiful colored waists and although our styles have proved very popular, we have only just begun to draw on the reserve stock.

There are Colored Waists at 50c and good ones too, but from 75c up to the finish and trimming are all you could desire. Prices go to \$3.75.

White Waists begin in price at..... 65c and go to \$5.50

The Newest of Ribbons

that have reached us are:

Corded Ribbons, fancy brocaded stripes, alternating with plain: satin stripes, all light shades, 4 inches wide..... 35c yard

Fancy Taffeta Ribbon with brocaded dots and self-figures; plain white stripes and white edge, 4 1/2 inches..... 45c

All-silk Fancy Taffeta Ribbon with pin stripes and white satin striped edge; in black with white, brown with red, also champagne shade; 6 inches wide..... 65c

All-silk satin taffeta Ribbon, 6 inches wide; two new shades of blue, three new shades of champagne..... 60c yard

Many novelties in plaid ribbons; 3 to 6 inches wide..... 20c to 75c yard

Some Special Reduction in Tailored Costumes

A couple of months after this, everybody will be reducing stock and prices. We intend to lead, as usual, and have already put a goodly number of tailored suits at special prices.

Here are a few of them:

\$7.50—Light gray summer walking suit; stitched broadcloth collar; blouse jacket, satin lined with peplum; plain, flared skirt, tailored.

\$8.50—Light-weight suit in gray or blue cheviot; jacket with semi-cape, and full sleeves; trimmed with black bands; 7-gored plain flared skirt.

\$10.50—Stylish suits of cadet blue Venetian; collarless jacket with front of fine tuck and double plaits; stole ends finished with black and white silk dangles; satin lined jacket; 7-gored skirt trimmed with straps and box-plaited.

\$12.50—Walking Suits of dark gray mixed Venetian; jacket lined with satin and trimmed with double-stitched seams, straps and buttons; flared skirt, tailor stitched.

\$14.95—Navy-blue etamine Suit; blouse jacket, taffeta lined with moire collar and vest front; 7-gored skirt trimmed with stitched moire bands.

WAS THERE A PLAN TO ASSASSINATE PRESIDENT?

WARNING, LETTER TO GUARD THE LIFE OF THE PRESIDENT.

Was there a plan to assassinate President Roosevelt while he was a guest of Oakland yesterday afternoon? The police say not, but there is on file in the office of Chief of Police H. J. Higgins a letter of warning from a man who signs his initials only, saying that a plot was hatched whereby Charles Grando and Antonio Polovino were to make an attempt on the President's life. The communication was sent to Mayor Olney, who turned it over to the Chief of Police, who investigated the warning and pronounced it to be the work of some suspicious crank. The letter follows:
"Oakland, May 13, 1903.
Honorable Warren Olney of Oakland.—At an early hour this morning it has been told me in my store that two fellows with names Charles Grando and Antonio Polovino, an Italian who tried to kill Emperor d' Austria before St. Stephen's Church in Vienna on May 13, 1871, had an engagement at Grando's home at 2-30 this night about the assassination of President Theodore Roosevelt. To avoid every suspicious conjuration against the President Roosevelt, who will tomorrow visit our city, you better get your police force to pay great attention upon this planned attempt on our chief executive.
"As an oldest citizen of Oakland, full of loyalty to our coming guest, I let you know of this serious matter so as you would take the necessary measure at earliest possible time for the safety and good protection of our coming President Theodore. Very truly yours,
(Signed) J. S. S.
"I hear that Grando was in correspondence with Chologos of Los Angeles before he had been arrested."

ARRESTED FOR PEDDLING.

T. P. Martin, James Hamilton and George H. Morgan were arrested yesterday for violating the ordinance that prohibits peddling within certain limits. The two former pleaded guilty in the Police Court this morning and were fined \$10 a piece, while the last-named had his case continued to tomorrow for further investigation. The trio were offering for sale buttons containing Roosevelt's pictures.

CRUISER TO BE REPAIRED.

SAN FRANCISCO, May 15.—The British cruiser Grafton sailed this morning for Esquimaux, returning to the dry dock from which she was taken when orders were received by Admiral Blakford to come here to honor President Roosevelt. The Grafton's machinery is in need of an overhauling and she will be laid up at Esquimaux for some time, though still retaining the flagship of the British squadron on this coast.

STRIKERS RETURN TO WORK.

CHICAGO, May 15.—Six thousand strikers, after an idleness which closed the working week of the International Harvester Company for nearly three weeks, returned to work today in pursuance of a settlement reached yesterday.

RAILROAD EMPLOYEES STRIKE.

BRIDGEPORT, Conn., May 15.—The conductors and motormen employed by the Connecticut Railway and Lighting Company, went on strike today, tying up all the lines in the city. The company offered a slight increase but refused recognition of the union.

WHITE BREAD.

Another Proof in Controversy.

Under certain conditions white bread, potatoes and all starchy food fails to digest and bowel troubles and appendicitis are likely to follow unless the food is changed.

After consulting five physicians the last three of whom said the only way to save her life, a young lady of Bloomington, Ind., recovered her health entirely with no aid other than Grape-Nuts, the scientific predigest cereal food.

She says: "Three years ago I had an attack of what my family physician pronounced congestion of the bowels and stomach."

"He treated me for some time but I continued to grow weaker, a constantly subject to the same attacks. I was compelled to give up my studies at college. In the meantime I consulted another physician. Finally I went to a specialist who pronounced a catarrh of the stomach and bowels resulting from the use of starchy foods. It was under his care for about three weeks when I had another attack and my parents called other physicians who claimed that nothing but the removal of the appendix would save my life."

"My parents refused to permit this and I was left a total wreck, weak, nervous, unable to eat. It was then that they tried Grape-Nuts, feeding me a teaspoonful three times a day. Upon this food alone I improved from the start to the great wonder of my family. For two months I ate nothing but Grape-Nuts and drank beef tea. Since that time (which was more than a year ago) I have not had the slightest illness and I am now strong and able to study again. I know that Grape-Nuts is constantly." Name furnished by Postum Co., Battle Creek, Mich.

In this case as in most cases of appendicitis the trouble started with indigestion of the bowels resulting from the use of starchy foods that were undigested in the stomach and went into the intestines in an undigested condition, fermenting there and starting disease. Too much white bread will do this. Relief and final cure came when the improper food was left off and Grape-Nuts, in which the starches have been transformed into grape sugar by a predigesting process, was used. Although it is the rebuilding of the bowels in Grape-Nuts, the food is so pure that the most delicate stomach relishes and digests it.

HOMELESS AND CRIPPLED BOY GOT A BOW FROM THE PRESIDENT.

One person who was made happy by the visit of President Roosevelt to this city yesterday and will carry in his memory the gracious recognition of the chief executive is Harry Cook, the crippled boy at the Receiving Hospital. He is barely 17 years of age and ran away from his home at Spokane, Washington, to see the world by the way of the brakeman. Living the life of a hobo, he reached Oakland, where he was arrested and sentenced to serve two months in the county jail for vagrancy. On the day his term expired he went down to the railroad yards in order to jump a train that would take him home, when he fell and his feet were crushed under a car. He has been in the hospital ever since.

ENGLISH GRAIN TAX.

MILLERS WANT BRITAIN TO PUT IN PRACTICE IDEA OF PROTECTION.

LONDON, May 15.—Premier Balfour, accompanied by the Chancellor of the Exchequer, Mr. Ritchie, today made a large and influential deputation of Unionist members of the House of Commons, headed by Mr. Chaselin, a former president of the Board of Agriculture, members of the House of Lords and delegates and members of the Chamber of Commerce relative to the grain tax.

ELECTION OF OFFICERS.

PITTSBURGH, May 15.—The International Association of Tube Workers today elected officers choosing Henry Sabel of Washington, Pennsylvania, for president.

DRANK WHISKEY AND DIED.

HOT SPRINGS, Ark., May 15.—Joe Adair, Wash. Turner and Dave Preddy are dead and John Spivey cannot live as the result of having partaken too freely of moonshine whiskey distilled in the mountains of this and Montgomery county. Some of the whiskey examined showed that something like concentrated lye had been mixed with the liquor.

OLD PIONEER DEAD.

SACRAMENTO, May 15.—David Johnston, father of ex-State Printer Johnston, of this city, died this morning at his residence, Cool, Eldorado County, after a long illness. Deceased was a native of Pennsylvania, aged 75 years. He was at one time registrar of the United States land office and for many years practiced in California as a mining and land lawyer.

PRELIMINARY REPORT IS MADE BY THE COMMITTEE.

To the Alameda County Federated Trades Council—Through the kindness of the Cooks and Waiters Union your committee met at the headquarters of this union, corner Eighth and Broadway streets, on the 13th inst. The committee was called to order at 8 P. M. Brothers Pake and Petry present, and Brother Irving absent. On motion, William M. Willey was added to the committee and appointed secretary. On motion it was decided to call the proposed assembly, "The Grand Civic Conference of Alameda County." On motion, Brother Charles B. Sinclair of the Retail Clerks was added to the committee. On motion, County Superintendent of Schools T. O. Crawford was invited to act with the committee. On motion the Mayor and City Superintendent of Schools were also invited. The following communication was ordered sent to the Building Trades Council, the District Council of the Brotherhood of Carpenters and Joiners of America, the United Brotherhood of Railway Employees, the Ebbel Society and the Oakland Board of Trade:

"Pursuant with the instructions from the Alameda County Federated Trades Council, we have the honor to respectfully invite your co-operation in issuing a circular for the purpose of securing the following purposes:

- First, to secure the school children of this county special rates upon the street cars when going to and from school, free if possible.
- Second, to secure the readjustment of the selling price of State School books, for which we are now paying four times as much as a responsible source has offered to publish them for, these books to be free, if possible.
- Third, to secure the right of transfer of scholars in our public schools without loss of grade, when such change of class shall be deemed necessary by their parents.
- Fourth, such other matters of general public interest as your organization may deem it wise to consider.

"Kindly elect three (3) delegates to act with this committee, which meets every Wednesday at 8 P. M., at the headquarters of the Ebbel Society, 120 Broadway. Yours fraternally,
"Wm. M. Willey, Chairman.
"L. E. Pake, Secretary Alameda Federated Trades."

RAISED SALARY OF THE RABBI.

The First Hebrew Congregation held its semi-annual meeting last night. President Julius Abrahamson presided. Mr. Abrahamson reported progress in the past six months, both in number and spirit. Among other matters of importance that were transacted was the raising of Rabbi Friedlander's salary in a complimentary acknowledgment of ten years' faithful ministrations in the congregation. Rabbi Friedlander is the anniversary of which the ladies of the congregation fittingly celebrated.

MELBOURNE STRIKE ENDS.

MELBOURNE, Victoria, May 15.—Premier Irvine announced in the Legislative Assembly today that he had received a letter from the officials of the Engine Drivers Association declaring the strike off and submitting unconditionally.

SENTENCED TO PRISON.

Robert J. Devlin was sentenced this morning by Judge Ellsworth to two years at San Quentin for the burglary of a building belonging to the Oakland Transit Consolidated, and the stealing of 1000 pounds of copper wire.

CROOK WAS CAPTURED AND TRIED TO ESCAPE.

SAN FRANCISCO, May 15.—At an early this morning Adam Beck was held up and robbed by three men at the corner of Spear and Howard streets. Some time afterward three suspicious-looking men were seen by the Harbor police who attempted to arrest them. Two escaped and the third made a desperate fight for freedom, attempting to shoot the officers. He was finally handcuffed and gave the name of Joseph Wagner. Beck's watch, three boxes of cigars and other articles were found in his possession.

MADE LONG RIDE IN AUTOMOBILE.

SAN JOSE, Cal., May 15.—Charles D. Blaney, a real estate dealer of this city, has made the entire journey from Los Angeles to San Francisco and from San Francisco to San Jose in an automobile. He was beset by storms on the way and had to make many detours. The actual running time was 48 hours and 15 minutes for 580 miles. There was but one accident, the breaking of a chain in a chuck hoe.

TRAINS WRECKED NEAR ST. LOUIS.

ST. LOUIS, Mo., May 15.—By a mistake in receiving an order, a head-on collision occurred on the Missouri Pacific today between the special of General Manager Russell Harding, coming north and an extra freight going south. The wreck occurred twenty miles south of St. Louis. Both engines were completely wrecked and the cars of the freight were piled in an indiscriminate heap. So far as known no one was injured.

ROYER GIVEN A FEW DAYS' STAY.

SAN FRANCISCO, May 15.—Judge De Haven has granted Charles H. Royer, convicted of embezzling funds of the money order postoffice, a four days' stay of proceedings. He will, therefore, not begin his term of two years' imprisonment at San Quentin until next Tuesday.

BERKELEY SCHOOLS ASK ALUMNI TELL OF MAYOR OLNEY IS WORK OF LARGE DELEGATION LEAVES FOR \$25,000. EARLY DAYS. PLEASED. MEN. FOR CAPITOLA.

Money Will Be Expended on Much Needed Additions to Present School Buildings.

BERKELEY, May 15.—To relieve the overcrowded condition of the local schools the Berkeley Board of Education has asked the voters of this school district for \$25,000 with which to build four-room additions to three of the schools and to erect a small school building. The election for the special tax will be held tomorrow, and no vote will be left unturned by those interested in the welfare of the Berkeley school department to have the tax levied. The polls will be at the Kellogg school on Center street, and will be open from 8 a. m. until sunset. Not only Berkeley, but the entire school district, which includes that portion of the county lying north of town, is interested.

With the facilities already overtaxed and with the school population increasing ten per cent each year, it is necessary that some way be provided to mend matters. At the Kellogg school, there are half a hundred or more children, who belong to North Berkeley, but who have to cross the city to find recitation rooms. At the North Berkeley school, it is proposed to do away with this inconvenience to both pupils and teachers by building an addition of four-rooms, which will solve the problem there, at least temporarily. The only new building to be erected is one on the property at Russ street and College avenue, which is owned by the town. At present, there is no school east of Telegraph avenue and north of the university grounds. To supply this large and growing district a new school building is absolutely necessary.

This, then, is the way the \$25,000, if it is voted, is to be spent, for additions to three schools and one new school.

In order to bring the matter before the public in its real importance, the following notice has been sent out:

"Berkeley is face to face with a serious emergency. There is no time to stop and discuss what might be done. Time is running rapidly and in the course of a few short months another school term will commence with at least 400 new school children to provide for.

"It is all resolved into a simple problem of a certain fixed capacity in buildings and rooms, and steadily increasing number of children for whom to care. The town of Berkeley must be prepared. If citizens will not be content to let things go as they are going.

"Without educational comforts at least with necessities, Berkeley can make no claim to the position she now appears to occupy among the cities of the State.

"\$25,000 is asked as a special tax for this year only. It will provide for the most crying needs of this year.

"Every voter should cast his ballot at the old school building on Center street, near Berkeley station. Only one polling place.

"Polls open at 8 a. m. and close at sunset.

"It is important. Do not fail to vote. Election Saturday, May 16."

TENDERS A RECEPTION TO GRADUATING CLASS.

BERKELEY, May 15.—President and Mrs. Benjamin Ide Wheeler held a reception in Hearst Hall last night to the graduating class of the University of California. Besides the 500 members of '03 there were present the entire faculty and all of the faculty ladies. The hall was brightly and tastefully decorated for the occasion with greens and flags. The evening was spent in a formal reception, followed by a supper and dance. President and Mrs. Wheeler were assisted in receiving by Mrs. Hearst.

EXECUTOR WANTS TO SELL PROPERTY.

T. J. Allen, an executor of the estate of Massimo Andreani, has filed a petition to sell the Neptune Wine Depot at 1437 Fourteenth street to pay the debts of the estate, which aggregate \$3,689.92. The property is valued at \$1,400.

ANNUAL LUNCHEON IS HELD BY OLD GRADS IN GYMNASIUM.

BERKELEY, May 15.—Following the Commencement exercises yesterday the annual Alumni luncheon was held in the old Harrison gymnasium. A large number of the old grads gathered to renew old acquaintances and to talk of the college days. The gym was filled with tables set apart for the different classes from '14 to '03, the baby class. During the progress of the luncheon the old class yells were given, the old rivals trying to drown each other as in the days of yore.

Thomas A. Perkins, '96, president of the Associated Alumni, acted as toastmaster, and was assisted by George W. Pierce, '76, of Woodland. The first speaker was Rev. Albert Franklin Lytle, the oldest living alumnus of the University of California, who spoke at length on the beginning of California College in Oakland. The old pioneer alumnus was greeted with loud applause by the hundreds of graduates gathered about him. He was followed by short addresses by Frank Ole, '73, President of the Alumni Association; Frank Aitken, '00, who represented the graduates of later years; and Robert Sibley, '03, who spoke for the new-born alumnus.

CLASS OF 1902 HOLDS ITS FIRST ANNUAL REUNION.

BERKELEY, May 15.—Stiles Hall was the scene of a jolly class reunion last night, when the members of '02 came together for the first time since their graduation, a year ago. Around the prettily decorated tables the alumni sat down to a banquet at 7 o'clock. Alexander Adler acted as toastmaster, and speeches were made by Deutch, Eshelman, Miss Woods, Miss Dozier and other prominent members of the class. After the banquet a reception was held.

CITIZENS' COMMITTEE DID GOOD WORK IN RECEIVING THE PRESIDENT.

To the Executive Committee on Reception to President Roosevelt. R. H. Chamberlain, chairman. Gentlemen:—On behalf of the people of Oakland, I thank you for the manner in which you have performed your duties as our representatives. I know something about the days and nights of toil you gave to the business of arranging for a proper reception to the President of the United States, and rest assured that it is appreciated. Your work was most creditable. While thanking you on behalf of the people I must, at the same time, inform the people that there can be no doubt that President Roosevelt was genuinely delighted and surprised by his reception. There was too much emphasis in his remarks, too many exclamations of pleasure at what he saw to leave any doubt that he carries away with him most agreeable recollections of his visit. He repeatedly expressed his regret at not being able to spend more time with us, but declared that he felt he must see Mare Island before leaving the coast, and today was the only opportunity.

Before closing, and as this communication will be made public, I want to refer to the efficient work done by the police and the Street Department of our city. It was well done. President Roosevelt meant what he said when he spoke of our beautiful streets.

WARREN OLNEY, Mayor.

CONTRACT SIGNED.

The assignment of the contract for the grading of the lot for the new Bacon building, situated on Washington street, between Eleventh and Twelfth streets, was recorded yesterday.

The Hutchinson-Ransome Company, which had this contract, by this notice of assignment transfer all their rights to the Ransome Construction Company, which firm will complete the work.

ORGANIZATIONS HOLD MEETINGS BUT TRANSACT LITTLE BUSINESS.

The Painters' and Decorators' Union held its regular weekly meeting last night.

Much interest was aroused by the announcement that next Thursday evening, J. C. Sanborn of Indiana, the general president of the national order, would be in attendance at the local lodge.

The members of this organization have planned a grand picnic for July 5 at Fairfax Park, across the bay.

No business of importance or of a publication nature came up during the evening.

CARPET WORKERS.

There was a large attendance at the meeting of the carpet workers' union last night in response to a special call issued by the secretary.

A general review of the time and wage conditions of the carpet men in this county was to be the principal matter before the organization last night, but no action was taken. At the next meeting the subject will be more fully considered. No business of public interest was transacted.

HOUSE MOVERS.

The house movers' union, by unanimous consent of its members, postponed their regular meeting last night to Thursday evening, May 21.

MATERIAL TEAMSTERS.

The material teamsters held a short meeting last night. No business of a public nature was brought up.

YOUNG VON PUTTKAMER HAS DISAPPEARED.

NEW YORK, May 15.—Love of adventure and desire to see the world are thought to have caused Jescro von Puttkamer, who is only 13 years of age, to leave the luxurious home of his father at Kiel, Nlemanneburg, Germany. Some of his relatives fear he may have been kidnapped and is being held for a ransom. Others think he has come to this city. The von Puttkamers are connected by marriage with the family of the late Prince Bismarck.

Young von Puttkamer is described as being 13 years of age, although he looks 16 or 17; tall, slender, of fair complexion, with blue eyes and straight nose.

Berkeley Sends Over One Hundred Representatives to Annual Y. W. C. A. Conference.

BERKELEY, May 15.—Over one hundred young lady delegates left Berkeley for Capitola where for the next ten days is to be held the fifth annual conference of the Young Women's Christian Association. For a month past the local delegates have been making extensive plans for the trip, and adding to their number each day, with the result that the party which left today was the largest and most enthusiastic that has ever attended a Capitola convention. Under the leadership of Miss May Bentley, secretary of the University of California Y. W. C. A., that organization has been greatly strengthened during the past year, and will be one of the strongest to be represented at the conference.

An important part in the conference will be played by the young women of Trinity Methodist Church. Miss Lillie James, as business manager, Miss Gertrude Cook as chairman of the local Capitola committee and Miss Helen Hanson have assumed the responsibility of the Mission Day exhibit. The Missionary Conference will be conducted by Mrs. John R. Mott. With addresses from many returned missionaries, including Mrs. George B. Smythe, Miss Annie Reynolds, World's Student Secretary, and Miss Mary B. Hill, whom the Berkeley Association has supported in India, this will be one of the most important sessions of the conference.

The National secretaries are Miss Harriet Taylor, Miss Bertha Conde and Miss Emma Hanson.

Besides the active work of the conference the delegates will take a pleasure trip to Santa Cruz, Monterey, and neighboring points of interest.

IN HIGHLAND DRESS SANG SCOTCH SONGS.

BERKELEY, May 15.—A novel entertainment was given at the Berkeley High School this afternoon, in the Assembly Hall. Accompanied by the High School orchestra, the boys and young ladies' musical clubs gave a concert of familiar Scotch songs. Dressed in picturesque Highland costume, they rendered the old ballads and airs very effectively. They were drilled by Mrs. Sweezy.

PERSONAL AND SOCIAL.

BERKELEY, May 15.—Harry Taylor, for many years a resident of Berkeley and prominent in musical circles, has once more come to this city to live. Mrs. B. Sarsfield of Alston way has returned from the Oakland Sanitarium, where she has been seriously ill.

Mrs. Adam Dean of 2321 Sixth street entertained Mr. and Mrs. C. Neand of Reading, Pa., last week.

Harry L. Grigs will leave for Chicago next Monday, where he will take up a summer course at Rush Medical College.

Mr. and Mrs. Joseph J. Mason were among the Berkeley people who enjoyed William H. Crane's performance of "David Harum" at the Macdonough.

Miss Winifred Atkins, who will shortly graduate from the State University at Berkeley, will return home about the first of June.—Redlands Daily Review.

Carl Irving, who is a student at the University of California, arrived home yesterday and will spend a portion of the vacation visiting with his parents.

COMMENCEMENT FESTIVITIES ARE DRAWING TO A CLOSE.

BERKELEY, May 15.—But two more events and the program for Commencement week will be over. This evening, at 8 o'clock, the Alumni Association will meet in Mark Hopkins Institute of Art, San Francisco, at their annual reunion. Tomorrow afternoon the graduates will be entertained by Mrs. Hearst at her country estate. The week's festivities and Commencement for 1903 will be a thing of the past.

AUTHORIZED TO SELL.

Y. M. C. A. BUILDING.

Judge Greene has authorized the Young Men's Christian Association to sell its property at Twelfth and Clay streets to Charles Jurgens for \$73,000. The sum of \$38,000 is to be received in cash and a similar sum to be credited for taking up a mortgage of \$35,000.

SOCIAL LIFE IN HAYWARDS. MONEY LOST ON RHUBARB. SOCIAL HALL FOR ELMHURST. THROWN FROM HER CARRIAGE. TURNED OUT TO CHIEF RETURNS SALUTE. SANITARY BOARD IN ELMHURST.

WORK ON PLAZA DEFERRED UNTIL AFTER MUCH NEEDED FALL SPRING RAIN.

HAYWARDS, May 15.—One of the most charming social events of the season was the social given to the Native Daughters by the Native Sons on Wednesday evening. After the meetings of the lodges of those organizations the gentlemen supplied the ladies by inviting them to the dining room in the building, where was spread a beautiful banquet, after which the young people went to the ball room where dancing was indulged in until a late hour. Manuel Riggs' orchestra furnished the music.

The N. D. G. W. have chosen the following delegates to the Grand Parlor to be held at Red Bluff in June: Mrs. J. D. Smalley and Miss A. May, alternates, Mrs. Knightly and Miss S. Neudeck.

SIDEWALK REPAIRED.

The sidewalk in front of the Congregational church has been repaired through the efforts of the ladies of the parish. A. L. Graham kindly hauled the gravel used in fixing up the walk.

BOYS' CLUB.

The famous breach of promise trial of Clover-Top vs. Brown-Smythe before Judge Judge Clay, will be the feature in the parlors of the Congregational church on Tuesday evening. The entertainment will be given under the auspices of the Haywards Boys' Club.

OPEN AIR CONCERT.

This evening the Mascotte Boys' Band will give an open air concert on the Methodist church grounds. Ice cream and cake will be served.

WAITING FOR RAIN.

The work of improving the town plaza has been suspended until after a rain. The ground is so dry and hard that Town Engineer Russell, who has been appointed by the ladies' improvement club to look after the making of walks and building of curbing, has decided that it would be useless to attempt to commence operations at this time.

SERVICES PRESBYTERIAN CHURCH.

Rev. John Dunsmore, of San Jose, will preach again Sunday at the Presbyterian church both in morning and evening.

ADVERTISED LETTERS.

Postmaster A. Bradford has posted the following list of unclaimed letters: Antonio Perlatto, F. Medeiros, Valerio Morrill, Miss Carrie Olsen, E. F. Peter, John Rose, W. F. Randall, Mrs. J. M. Woods.

PERSONAL.

C. W. Hall of Chico was a recent visitor in Haywards.

C. M. Reese has severed his connection with the Hayward Express Company, and is now in the employ of Jesse H. Woods as a clerk.

Walter E. Brock, of Alameda, has secured a position as buttermaker in the Hayward Creamery.

H. W. Wandesorpe, of Berkeley, has been the guest of his daughter, Mrs. William D. Cull.

E. L. who has been raising sugar on a plantation in Los Mochis, Mexico, has sailed out and again returned to his native town, where he is the guest of his son.

VERY SMALL DELINQUENT TAX IN PLEASANT TOWN OF SAN LEANDRO.

SAN LEANDRO, May 15.—It is estimated that the growers in this vicinity have this year lost \$35,000 on the rhubarb crop. The men have become so discouraged that it is very probable the industry will be given up entirely. What makes the matter worse, is the fact that the rhubarb is the only crop of the State where good rhubarb can be raised. Seven years ago the state was loaded with rhubarb, and in the past two years, when it is said the transportation companies have become so slow in getting the produce to the Eastern markets that the product has deteriorated and the growers have lost money on nearly every consignment. When the industry started, a man often got as much as \$2.50 for a box of rhubarb. Now it is said that a number of growers, instead of coming out at least even in the deal, owe the transportation companies money. A number of ranchmen have plowed up their rhubarb fields and put in a more lucrative crop.

WOODMEN INITIATE.

Olive Branch Circle, Woodmen of the World, initiated two ladies from Elmhurst into the order at last evening's meeting. After the degree work was completed, the members sat down to an elaborate banquet, where toast-making and singing were indulged in until a late hour.

PYTHIAN SMOKER.

San Leandro Lodge Knights of Pythias will confer the third degree upon the following candidates this evening: H. F. Jones, John Breton and Joseph Caballero. A large number of Sir Knights will be present and assist the members of the lodge in the initiation. After the degree work is finished the members and the guests will enjoy themselves at an informal smoker.

NOTES.

E. M. Worthy has erected the Metz cottage on Hopbush street.

Col. J. J. Robin visited San Leandro Friday last week.

William Fulton is now occupying his new cottage on the lake shore.

William Seaman has rented the suite in the Taylor building on Hayward avenue, lately vacated by Charles Reid. San Leandro's delinquent tax list for the county amounts to only \$188.63.

ANOTHER STRUCTURE NEEDED BY GROWING TOWN FOR ENTERTAINMENTS.

ELMHURST, May 15.—There is considerable talk here about building another hall where parties, banquets and various entertainments may be given. Red Men's Hall on Fourteenth street and Mountain View avenue, is used every night in the week by some lodge or society. When anything unusual is to take place, the promoters have no place to go in order to hold their gathering. It is proposed to erect a building suitable both as an open house and a dance hall, large enough to accommodate many people. Frequently when entertainments are given at Red Men's Hall, the room is packed to the doors as a consequence, many are unable to gain admission. The most favorable site of the proposed building is the lot on Fourteenth street, just west of the lumber yard. The E. and A. L. Stone Company has control of this property, and it is not improbable that a deal will be made whereby it will be secured for the projected structure.

BASEBALL.

The baseball team of the Lockwood school will meet the nine from Hayward Grammar school Saturday afternoon at Jones' diamond. The boys feel fairly confident of success as they have already beaten two other neighboring teams. The degree team by a score of 35 to 15, and Sunday, in a poorly-played game they beat the Melrose 4 to 22.

RESIDENT OF WEST BERKELEY INJURED IN COLLISION WITH THE CAVALRY.

WEST BERKELEY, May 15.—Mrs. James P. Daley of West End was seriously injured at East Berkeley yesterday at the reception of President Roosevelt. The accident occurred shortly after the exercises at the amphitheater and four colored cowboys were riding very fast on their way to escort the President to luncheon. They collided with a conveyance containing Mr. and Mrs. Daley. The shock threw the lady to the ground and she narrowly escaped being tramped on by the horses. As it was she was bruised about the face and sustained a severe nervous shock. She was conveyed to a nearby carriage and quickly in attendance Mr. Daley escaped injury. The Daleys reside at Seventh street and University avenue.

STUDENTS TAKE PLACES OF STRIKING TEAMSTERS.

NEW HAVEN, Conn., May 15.—About thirty Yale undergraduates have joined the strike-breakers employed by the local trucking companies to take the places of the teamsters who went on strike Tuesday. This is the first time that trucking companies and the undergraduates are deriving a good deal of fun out of driving the heavy trucks about the city. Yale men have been looking for an unloading freight at the railroad yards for the wholesale companies and will continue the work in greater numbers. The students are doing this for a lark, but the trucking companies say they make most satisfactory drivers. The manager of one company, all of whose regular drivers are on strike, says that Yale strike-breakers do more loading and unloading than twice as many regular truckmen.

SPOTSWOOD WILL MARRY BARONESS VON WOLF.

NEW YORK, May 15.—It is announced that Katherine Francescova, Baroness von Wolf, of Munich, Bavaria, is to become the wife of Dandridge Spotswood of Virginia, next winter in the Bavarian capital.

The prospective groom is a liberal descendant of Major General Sir Alexander Spotswood, first Governor of the Old Dominion. His fiancée is a niece of the Minister of Justice of Bavaria. Although of a noble family, she was born in Philadelphia. Her grandfather, the Baron von Wolf, was one of the most distinguished lawyers in Munich. Mr. Spotswood met the baroness while she was visiting in New York, and before she returned to her home they became engaged.

ELECTION IN PROGRESS WITH SEVERAL CANDIDATES IN THE FIELD.

FRUITVALE, May 15.—Tomorrow the citizens of Melrose will vote on the question as to whether or not a sanitary district will be established in that section.

A caucus has already been held nominating an inspector, assessor, and two trustees for the proposed district. Five or three independent candidates have arisen for those positions. As to who will be the officers of the district, is not what the voters will wrangle over at the polls. There seems to be a doubt as to whether there will be any need to vote for the candidates at all. Some people say that taxpayers of Melrose and not in fact of Fruitvale should establish such a district.

McDonnell fled from Wyoming and secured employment as a trainman in East St. Louis. He went to a rendezvous in Wyoming, where he notified the authorities, resulting in his capture.

SIXTEEN YEARS OF CATARRH.

Well Known Massachusetts Woman Cured by Hyomel.

How to cure catarrh has been a problem in medicine for many years that was not solved until the discovery of Hyomel. This remarkable treatment makes it possible for any one to breathe an air at home which is almost identical with that of the Adirondacks, the Carolinas or other health resorts where the air is impregnated with healing balsams from health-giving trees and plants.

Simply place a little Hyomel in the inhaler which comes with every outfit, breathe it occasionally during the day and only two or three times while persevering for a few days or weeks will effect a complete cure of even the worst case of catarrh.

Mrs. Elvira E. A. Gibson, who holds a responsible position in the great dry goods store of Jordan, Marsh & Co., of Boston, wrote in April: "I had catarrh for twenty years and the last ten years (all of which time has been passed in this great establishment) I suffered fearfully. One half dozen handkerchiefs per day would be used. It extended to my throat; the base of my tongue was badly affected. I constantly kept in my mouth cardamon seeds, or some such breath purifier. I could not sleep with my mouth closed. I began using Hyomel in December and in two weeks I was entirely—and now, after four months and no return of the disease, I can say, permanently cured. The head of this firm, Mr. Jordan, endorses this statement.

Osgood Bros. have sold hundreds of Hyomel outfits, consisting of an inhaler, a medicine dropper and a bottle of Hyomel, and with every purchase have given their personal guarantee to refund the money if Hyomel did not cure. They will still sell the treatment on that plan and even catarrh sufferers ought to take advantage of their fair proposition.

DAUGHTERS FILE REPORT.

MRS. BARTON AND MRS. DUNNING
REPORT AS TRUSTEES OF
W. A. ALDRICH.

Helen A. Dunning and Annie A. Barton have filed their tenth annual account as trustees of the estate of their late father, William A. Aldrich, who died in 1892, leaving property valued at more than \$55,000 in trust for his four children.

Arthur A. Smith and Joseph M. Quay, who were appointed with the daughters as trustees, resigned in 1899.

The tenth account of the daughters shows that they have received during the last year \$59,944.02, and have expended \$53,707.28.

A ranch in Merced county, containing 3,255 acres, that was appraised at \$54,767.68, was sold by the daughters, under authority of a judgment they obtained in court by suing the estate of L. J. Fancher, of Merced county, for \$30,000.

The daughters declared in their petition for permission to sell the property that they had attempted to farm the ranch, but their efforts had resulted in a loss every year, and they were anxious to

dispose of the land. They alleged that the property had greatly depreciated in value since the time when it was appraised. During the last year the Hawaiian Trust and Investment Company obtained judgment against the trustees for a one-fourth interest in the Canton Hotel of Honolulu, on an assignment from George A. Aldrich, a son of the late capitalist. A suit to partition the property is now pending. The Hawaiian Investment Company is also suing to recover damages for the occupancy of the building since the time George A. Aldrich assigned his interest.

George A. Aldrich was in an insane asylum when his late father executed his will. It was provided that the estate should be held in trust until Aldrich had recovered his mental capacity. He has made three attempts to have the court restore him to legal capacity, but failed each time.

The other son, William Holt Aldrich, died in 1897, and his widow, Mrs. Manlio C. Aldrich and five children succeeded to his interest in the estate.

NEW DEAL FOR LIQUOR MEN

CITY ATTORNEY GIVES AN OPINION ON THE LICENSE QUESTION.

City Attorney McElroy has filed with the City Clerk an opinion as to the manner in which the application of Charles Lang for a liquor license was granted by the last City Council. He declares the license was not granted at a regular meeting of the Council and consequently under the charter, is not valid. Lang is at present conducting a saloon at 605 Park avenue under the license. The opinion is as follows:

To the Honorable, the Municipal License Committee of the City of Oakland, Gentlemen: I herewith acknowledge receipt of your communication wherein you request an opinion as to the power of the Council to hear objections as to the manner in which the application of Charles Lang of No. 605 Park avenue for a liquor license was granted, and whether said license was legally granted. I also acknowledge receipt from you of an abstract of the records in relation to the proceedings in said matter, and it is upon this abstract that I have applied the law and upon which I base my conclusions which I herewith submit.

"The abstract sets forth that on February 24th, 1903, Charles Lang filed a bond with the Council which bond was approved on the same date. On March 4th, 1903, the same person filed an application to obtain a liquor license and this application was thereupon referred to the License Committee, and said committee, on March 11th, 1903, held a meeting and recommended that permission to obtain a license be granted, and on March 12th, 1903, the Council passed a resolution, granting to Charles Lang permission to obtain a liquor license and conduct a saloon at No. 605 Park avenue. No further action appears to have been taken in regard to the aforesaid resolution. On March 18, 1903, said Charles Lang filed an application for permission to obtain a license to conduct a saloon at said 605 Park avenue, and at the same time filed a bond which bond was approved on said March 18th by the Council. The application was referred to the License Committee, and said committee, on March 23d, 1903, reported favorably on said application.

"The Council, by resolution, passed on last named date, granted said Lang permission to obtain a license, and on March 30, 1903, a protest was filed, signed by J. H. Adams, et al., requesting the Council to revoke and set aside the action taken granting the said permission. On April 11th, 1903, said License Committee considered said protest, and the committee has referred the matter to the City Attorney to report whether the committee has legally the power to re-open the proceedings to hear objections as to the manner in which said application was granted, and whether the application of said Charles Lang was legally granted.

"Ordinance No. 1093, to wit: An ordinance establishing and regulating the traffic, vending and disposing of spirituous, malt, and fermented liquors or wines of any kind, in the City of Oakland, in section 4 thereof, among other provisions sets forth:

"No person, firm or corporation shall have issued to him or them the license required by this ordinance, unless such person, firm or corporation, of good moral character, and first obtain permission as provided herein by making application in writing to the City Council at a regular meeting thereof for permission to obtain the license herein required, and shall file with said application a written recommendation of the City of Oakland, and five citizens of the City of Oakland occupying or owning real estate within one block from the front entrance of the place where the applicant or applicants propose to carry on the said business, etc."

"Section 9 of said ordinance, as amended, among other provisions requires: That such applicant or applicants shall, at the time of making application for permission to obtain a license, file with the City Clerk a bond in the sum of one thousand (\$1000) dollars with two or more sureties, who shall each be a resident of the City of Oakland, and shall each qualify in double the amount of the penal sum of the bond; said bond to be approved by the City Council, etc."

"Also: That said application and recommendation be immediately referred to the Municipal License Committee for investigation, who shall report the result thereof to the Council at the next regular meeting following. If said report be in favor of granting the permission to said applicant or applicants, the Council may, by resolution, grant the permission applied for, which permission shall remain in force not more than one year from the date of the same and be good only for the person, firm or corporation and place named therein and shall be filed with the Tax Collector."

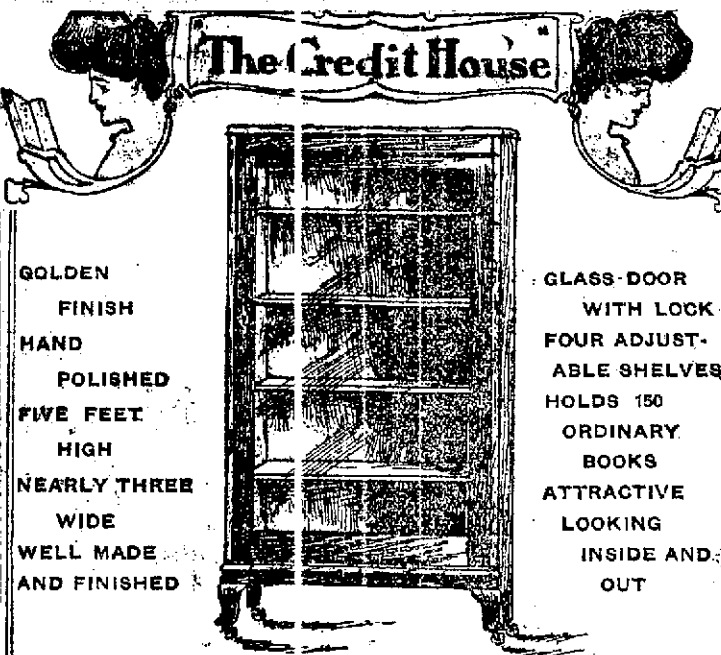

"Section 9 of said ordinance, as amended, among other requirements, provides that: 'The Council may, at any time for such cause as they, or a majority of them upon investigation, deem sufficient, revoke any permission granted under this ordinance, and it is especially ordered and declared that all such permissions, though granted for the nominal term of one year, are held at the pleasure of the Council.'

"The rules of the City Council in force and effect at the time of the proceedings taken are as follows: 'Rule 1. The Council shall meet in regular session on the first and third Mondays of each month at eight o'clock p. m. 'The record of the Council proceedings in the matter of the Lang application shows that the meeting of the Council held on March 12, 1903, was a regular meeting, and that the meeting of the Council held on March 17th, 18th, 19th, 20th, 21st, and 23d, 1903, were adjourned meetings of the regular meeting of March 12th, 1903.

"The ordinance above mentioned requires that the application and recommendation be made at a regular meeting of the City Council and said section 9 requires that the application and recommendation be immediately referred to the Municipal License Committee for investigation and said committee shall report thereof to the Council at the next regular meeting.

"The meeting of the City Council on March 23d, was an adjourned meeting of the regular meeting of March 12th, 1903, and as an adjourned meeting is legally a continuance of the meeting of which it is an adjournment, it follows that the permission to obtain a license granted to said Lang on March 23d, 1903, was not granted at a regular meeting of the Council, following the report of the Municipal License Committee as required by said ordinance.

"Under the provisions of section 9 of said ordinance, as amended, the Council, or a majority thereof, may revoke any permission granted under this ordinance, and therefore, the permission and license granted as set forth hereinabove by the

M., said day, at the Courtroom of Department No. 4, of said Court, at the City House in the City of Oakland, in said County of Alameda, has been set for the hearing of said petition, and proving a will, when and where a contest of said estate may appear and any the same will be heard, May 7th, 1903.

JOHN P. COOK, Clerk.

NEWS FROM CITY OF ALAMEDA

TRUSTEES WILL MEET

IMPORTANT MATTERS TO COME UP AT SESSION THIS EVENING.

ALAMEDA, May 15.—The trustees will meet this evening as a committee of the whole to discuss various matters. Foremost among these are the requests of Frank Wilson for rates for furnishing power for a motor, petitions for and against a raise in the salaries of the police department petition to bituminize Santa Clara avenue between Park and Oak streets; petition for increase of salaries by members of the Street Department and the Sewer Inspector and Chief Krauth's report that Whitten Hone Company, No. 2, was not strong enough.

Trustee C. H. Hammond will not be present, as he has been obliged to go to Redding on business.

WILL GIVE A SOCIAL.

ALAMEDA, May 15.—Tomorrow afternoon the Alameda County Political Equality Club will give a social at the residence of Mrs. J. A. Waymire, Buena Vista avenue. There will be an interesting literary and musical program presented.

CHAMPIONSHIP TENNIS.

ALAMEDA, May 15.—A championship tennis game is to be played tomorrow morning on the California Club courts. The contestants are each the best representatives of their respective organizations. They are Miss Beyfus of the Ladies' Annex of the Golden Gate Park Club and Miss Bessie Valdeau of the Alameda Tennis Club.

FACULTY REPRESENTED.

ALAMEDA, May 15.—The newly elected Executive Committee of the Associated Students of the High School have held a meeting and chosen Miss Cohen as the faculty representative on the "Acorn" staff of editors.

WILL RECLAIM LAND.

ALAMEDA, May 15.—Powell Brothers, contractors and builders have begun the construction of a large retaining wall of concrete on the south shore between Laurel and Oak streets. They plan to reclaim all the ground between the new wall and the present shore line, and erect residences on the property.

EXPERT NEARLY DONE.

ALAMEDA, May 15.—Colonel Bullock, the expert examiner appointed by the trustees to go over the books of the city's electric light department, has nearly completed his work, and nothing sensational has so far developed. He will make his report to the board at their meeting Monday evening.

GOES INTO ARMY.

ALAMEDA, May 15.—R. H. Kelly, one of the Alameda students who graduated yesterday from the University with the degree of A. B., has received a commission as Second Lieutenant in the regular army, and will sail for Manila on June 1 with a Texas company.

WANT TRAIN GATES REMOVED.

ALAMEDA, May 15.—The executive committee have issued a call for a meeting of the Board of Trade, to be held Tuesday night at the office of T. F. Baird, 1305 Third street. The association is to be reorganized and new

MISS SELMA BRINK.

Miss Selma Brink is one of East Oakland's most talented vocalists and has a very pleasing soprano voice. She has appeared at a number of musicals and concerts, and on the evening of June 12, she will sing at the benefit entertainment to be given at Golden Gate by Bay Tree Camp, No. 640, Woodmen of the World.

OFFICERS WILL BE ELECTED.

The members will also formulate a petition requesting the Southern Pacific Company to remove the gates from the local trains. The merchants say that since the gates have been put on, their trade has fallen off very much, especially on Saturday night. They argue that if a man is obliged to pay his fare on the train, he will not stop at the Alameda business district, but will continue on to Oakland or San Francisco, where the dealers make larger displays.

The board believes that the railroad is at present maintaining the gates at a considerable loss. The travel between local stations is so light that it does not pretend to pay the wages of the train gatekeepers.

ANIMAL SHOW WILL LEAVE.

ALAMEDA, May 15.—The animal show, which has been lying at the Emmett-street crossing on the Southern Pacific tracks, is to leave the first of the week for Pittsburg, orders having been received to that effect from O. T. Bostock, the owner of the show.

At the request of the caretaker, an officer visited the menagerie yesterday, but noticed no bad smell or loud noise, concerning which some of the residents of the vicinity complained recently.

APPRAISER APPOINTED.

ALAMEDA, May 15.—Judge Coffey of San Francisco has appointed George W. McKean of San Francisco, City Trustee Bowers and William Hammond Sr., to appraise the estate of Mrs. Daniel Sweet, widow of the late Daniel Sweet. Mrs. Sweet has been declared an incompetent by the court, and the gentlemen have been appointed to look after her husband's interests on Bay Farm island.

SUCCESSOR APPOINTED.

ALAMEDA, May 15.—Joseph O. King has received from the fire department the appointment of second engine driver, to succeed James A. Hill, who was suspended for intoxication while on duty. Hill has handed over his badge to Chief Krauth, and announced that he will not try to be reinstated.

ARRESTED FOR RIDING IN PRESIDENT'S PARADE.

Frank Petina, who was arrested twice yesterday afternoon for indulging upon being allowed to ride in the Roosevelt parade although he was not among those invited was before Police Judge Smith this morning on charges of using vulgar language and disturbing the peace. He was arrested both times at the instance of Captain of Police Peterson—once at the instance of Captain of Police Peterson and again at the instance of Captain of Police Peterson. Petina boasted to his friends that he would ride in the parade. But when he attempted to drive in the line of march he was seen by Captain Peterson, who ordered him to stop. He was immediately arrested. His second arrest occurred after he had been released on his parole. He tried again to enter the parade at the High School building. The cases were continued to tomorrow to file complaints.

RELIEF CORPS ELECTS OFFICERS FOR YEAR.

The Woman's Relief Corps of the Department of California and Nevada met in Pioneer Hall yesterday for the purpose of nominating officers for the ensuing term. Mrs. Eliza Shepard, a prominent member of the Lyon Relief Corps, was elected president. Mrs. Shepard is a past president of this corps and is well known throughout the State. She is the wife of J. L. Shepard.

POLICE COMMISSIONERS TO HEAR CHARGES.

The charge preferred against Policeman Percy Jacobus by Wolf Bauer, who alleged that Officer Jacobus alienated the affections of his wife and was the means of breaking up his home, will probably come up before the Police Commissioners in executive session this afternoon. The charges were considered at the last meeting of the Board, but no action was taken one way or the other.

The charge against Policeman McKee, preferred by M. J. Fitzgerald, who accused that officer with conduct unbecoming his position, will also be taken up by the Commissioners.

DEATH OF GEORGE A. DOWNEY.

George A. Downey, aged 26 years, died last night at Fabiola Hospital, where he had been confined four days. Deceased resided at 729 Eleventh street. The funeral was held today from deceased's late residence and the remains were interred in Mountain View Cemetery.

MORE SALARY FOR POLICE

TAXPAYERS PETITION TRUSTEES TO GIVE FORCE A RAISE.

ALAMEDA, May 15.—A number of heavy tax-payers and other citizens have petitioned the Board of Trustees to increase the salaries of the police force, as it will involve no increase in the tax levy over last year. The paper is as follows:

"To the Board of Trustees of the city of Alameda, Gentlemen:—We, the undersigned residents of the city of Alameda, respectfully petition that an increase be made in the present salaries of police officers. We are mindful that such course will somewhat increase the cost of city government, but believe that the service rendered by the police department compared with other parts of the city government and the general increased cost of living, makes the change both reasonable and justifiable."

The petition is very likely to be granted, inasmuch as there is \$11,000 less to be raised this year for divers city expenses than last.

This will more than offset the \$3120 total increase in the proposed salary raise.

William Horst and a number of members of the West End Improvement Association have circulated a petition protesting against the increase. The matter will come up at the meeting of the Board of Trustees this evening, when they meet as a committee of the whole.

TO ENTERTAIN MEN.

ALAMEDA, May 15.—Monday evening, a week earlier than usual, the Ladies' Social League of the First Presbyterian Church will entertain the gentlemen. "The Klementinians," Margaret Cameron's witty farce, will be presented by Miss Cape, Miss Irish, Miss Jones, Mrs. Hackett and Mrs. Waverly. Miss Irish will also give some monologues.

BOY RUN OVER.

ALAMEDA, May 15.—Fred Smith, 14 years old, living at 2424 Clement street, was run over by a wagon yesterday and was severely injured, three of his ribs being broken. The boy was playing with a companion, Albert Ghilleri, on Eagle avenue. A vegetable wagon came along and Ghilleri threw Smith's hat into the wagon. The latter endeavored to climb upon the rig by means of the brake to get his hat, but slipped and fell. The cart, which was heavily loaded with garden produce, ran completely over the lad's chest, breaking three ribs and otherwise inflicting a number of severe bruises.

TO BANQUET DELEGATES.

ALAMEDA, May 15.—The Alameda county delegates to the grand parlor of Native Sons, recently held in Bakersfield, will be banqueted by the members of Huley's Parlor. The affair will take place Tuesday evening at Foresters' Hall. It will be in the nature of a compliment to the delegates, who stood by Senator Knowland, who is a member of the local society, in his campaign for the grand vice presidency of the order.

TO STUDY ABROAD.

ALAMEDA, May 15.—Miss Antonia Sundell of 1827 San Jose avenue left yesterday to attend a young ladies' seminary in Dresden, Germany. Miss Sundell is a graduate of the Alameda High School and will continue the study of German, French and Latin abroad. She will be gone about two years.

ILLUSTRATED LECTURE.

ALAMEDA, May 15.—J. W. Erwin will lecture to the members of Spruce Camp, Woodmen of the World, on next Wednesday evening, May 20. His subject is "The Land of the Philippines, the China and the Jap." The lecture will be illustrated with an interesting series of stereoscopic views.

The members of the lodge will also, at this meeting, nominate officers to be elected the following Wednesday.

DENVER IN THE MIDST OF A BIG STRIKE

THOUSANDS OF MEN ARE BATTLING FOR THEIR RIGHTS.

DENVER, Col., May 15.—The joint executive committee of organized labor, owing to the refusal of the Citizens Alliance to agree to arbitration between employers and employees directly interested in the questions at issue, called out 1,000 additional union men during the forenoon to-day, increasing the total number of strike men in this city to more than 4,000. The unions ordered out to-day are brewery workers, beer bottlers, beer wagon drivers, retail clerks, garment workers, and horseshoers. The unions that had previously gone on strike are tanners, expressmen, butchers and meat cutters, cooks, waiters, restaurant help, bakers, grocery clerks, grocery saleswomen and egg candlers. The total number of union members in the city, exclusive of the railway organizations is 17,123, and it is the intention of the labor committee to keep on tying up one branch of business after another, so far as lies in its power, until the employers agree to some method of arbitration that is satisfactory to the unions. So far no serious disturbance has occurred. The strike force has been doubled and it will be further enlarged if necessary to cope with any outbreak of violence that may take place.

DENVER, May 15.—It is likely that many more unions will be called out on strike today, owing to the rejection of the labor committee's proposition by the citizens' alliance yesterday. Already there is a total of over 3,000 men on strike. Among these most likely to be called out are the garment makers, brewery employees, bar tender, retail clerks, carriage and hack drivers, engineers, firemen, candy makers and ash haulers.

By the calling out of the engineers and firemen there is danger that 300,000 worth of meat in the refrigerators at the stock yards will be spoiled.

There has been some disorder but nothing of a serious nature. The police department has increased its force to handle the situation. The situation is at a deadlock this morning. President Craig announces that the Citizens' Alliance will not accede to the union's demands.

Labor leaders object to further negotiations with the alliance of the ground that in its membership a few included not only employees of labor, but many non-union wage workers, whom they regard as "strike breakers."

At 1 o'clock today several for the transfer and van owners of the city applied in the Federal Court for an injunction against the Teamsters' National Union of America, the Transfer Drivers' Local No. 83 and Van Drivers' and Helpers' Local, No. 62, and all members belonging to these organizations. The plaintiffs ask for an injunction restricting defendants and their associates, confederates, co-conspirators, agents, servants and employees, from interfering with the business of commerce, from posting pickets about the place of business of complainants; from interfering with any of their employees by violence, threats or personal injury; from ordering, directing or inducing any other persons to threaten, assault or by the use of profane or obscene language, to intimidate or harass any employee from following the employees to their homes or other places for the purpose of intimidation, and from publishing any orders, statements, rules or directions by the officers of the unions, or any other similar organization, commanding and enjoining, under pain of personal violence or other persecution, any employees from continuing in the service of complainants.

Judge Hallett refused to grant the injunction without a hearing. The attorneys for the defendants stated that they had not had time to examine the bill of complaint and asked for further time. They promised in the meantime to do nothing in connection with the matter until a hearing was asked for. The judge then granted a continuance to next Wednesday.

NEW YORK, May 15.—Dr. Doroschewski, the head physician of the National Hospital at Kishineff, after examining the dead and wounded, has given the following specific instances of hideous cruelty, says a dispatch from Kishineff, Bessarabia, to The World:

A Jew named Sura Fomarschi was brought here with two nails, seven inches long, driven into her brain through her nose.

One Jew was brought in with one hip, both ankles and wrists broken, his severed hands and feet dangling by the skin.

A Jew named Charif had lost his upper and under lips, which had been cut away with a kitchen knife, after which his tongue and windpipe had been pulled out through his mouth with pinners.

The ears of a Jew named Seizer had been cut away and his head battered in

twelve places. He was a raving maniac.

A carpenter was surprised at work and both of his hands were sawed off with his own saw.

A Jewish girl was assaulted by several brutes, who then cut her eyes out with a pocket knife.

One woman, after trying to defend her children, was thrown upon the pavement, disemboweled, and feathers and horseshair from her bed were stuffed into her body.

Small children were hung out of windows and trampled upon by the mob.

Forty-seven were killed on the spot, eighty died of their injuries and 300 are under treatment. Many will be orphans for life.

Four thousands Jews are without food or shelter and it is impossible for them to get away.

NEW YORK, May 15.—A dispatch to the Inter-Ocean from Vancouver, B. C., says:

"The following mail advices have been received from Australia by the steamship Aoranga, which brought over the largest number of passengers on record:

"In speaking of the terrible drought still prevailing in Australia, H. C. Russell, the government astronomer of Australia, claims to have made the discovery after long and careful search among astronomical records that the moon regulates the rain. Astronomers of the different Australian colonies have endorsed Mr. Russell's theory. Mr. Russell says:

"I speak positively when I say I have found the moon controls the rain. My researches extend for thirty-six years. Briefly, when the moon is moving south there is plenty of rain, when it is moving north there are years of drought, so there are alternate wet and dry periods, the wet lasting nine years and the dry ten. So that long beforehand preparation can be made for the coming drought, which will last nine years and the dry ten."

A severe earthquake has been felt in Warrambool. It was the severest on record. School children became panic stricken, horses and cattle ran amuck. Many roofs were shaken off the houses. A tidal wave succeeded the earthquake."

STAVE MACHINE COMPANY.

TRENTON, N. J., May 15.—Application was made in the Court of Chancery today for the appointment of a receiver for the American Stave Machine Company.

The application was made by David Gordon, of San Francisco, president of the company. He alleges that the business of the concern has been carried on during the last few years at a loss. A rule to show cause was granted by Vice-Chancellor Stevens, returnable at Jersey City June 1.

MISS FIFE WILL MARRY NEXT YEAR.

MISS VIOLETTE FIFE.

Mr. and Mrs. George Fife announce the engagement of their daughter, Miss Violette Fife, to Lawrence Edward Foster. The pretty, young fiancée is a grand-daughter of the late Nicholas Luning, and a niece of Mr. and Mrs. Oscar Luning of 3835 Telegraph avenue. She is prominent in society circles on both sides of the bay.

The wedding, which is to take place next year, will be a large church function, followed by a reception.

NEW CENTURY CLUB APPEALS TO MAYOR.

The members of the Oakland New Century Club, although they are heartily in favor of Mayor Olney's crusade for clean streets, do not know how to help out in the matter and have addressed the following to his honor:

Mayor Olney—Dear Sir: At a meeting of the New Century Club Friday, May 8, the members voted to exert to you their co-operation in the movement for a general street cleaning of Oakland. We and means were discussed—whether we were to form into a broom brigade or employ the compressed air machine, which seems to be blowing homes of Oakland clean, even if the streets are overlooked, sincerely,

WORKMEN WIN IN CHICAGO.

ARBITRATION BOARD FAVORS THEM IN NUMBER OF CONSENTIONS.

CHICAGO, May 15.—The Chicago Board of Arbitration last night made its award in the trouble of the People's Gas Light and Coke Company and employees who charged the company with dismissing them because they were members of a labor union.

The Board held that the safety of the public involved in the gas supply, and that it would be dangerous to have the gas plants in "the charge of a collection of men who are subject to the absolute orders of some leaders who may not have the general good of the public at heart."

The Board found that the men dropped from the payrolls of the company before the strike was threatened had no just ground for complaint, but that those discharged during the controversy should be given their former positions. The Board, however, bars from reinstatement those who conducted themselves improperly during the strike and those who left the employ of the company without orders from their union.

The company employs many union men in its different departments and the Board protected them by a decree that the company shall "not discriminate against members of any labor body." The strike began February 2d.

Osgood's Cut Rates

on patent medicines are always as low as anybody's.

No need to take a page to tell you about it. Our figures speak.

Did we ever attempt substitution—we sell you what we ask for.
